

Summary

Known issues that the Research Administration and Compliance Reporting team is tracking.

Grants Financial Dashboard

1. **Budget amounts may be incorrect** on the Grants Financial Dashboard (only)

Issue: When the budget amount appears correctly in GMAS and other sources but appears incorrect on this dashboard, there is no way to address the issue at the source.

Workaround

Visit one of the following three alternate locations for accurate budget data.

- Reference GMAS
- Visit an alternate dashboard that shows accurate data
 - Printable Grants Financial Dashboard
 - New Grants Financial Dashboard
 - Detailed listing

2. **Future effective date for IDC rate may cause it to be applied incorrectly** on the Grants Financial Dashboard (only)

Issue: When the Indirect Cost (IDC) rate has an effective (start) date in the future, related calculated items that appear on the dashboard may appear incorrect.

Workaround

Validate the effective date for the IDC rate as it is referenced in GMAS.
